The Federal Energy Regulatory Commission will issue another report to Congress in late July or early August on progress toward constructing an Alaska gas pipeline. The State was asked to provide a few paragraphs summarizing progress to date, together with a short description of AGIA.

I thought that you would want to see the attached paragraphs which reflect the combined efforts of the natural gas team and this office. We will follow-up with FERC to ensure that they understand the State's current efforts to identify a licensee.

Please note that my email address has changed. My new email address is jwkatz@alaskadc.org. Thank you .

J- if you find other things in the juneau office that could be sent to the Anchorage or wasilla office, pls do so. For instance, I haven't signed or collevted TAs for many weeks and those can be sent up so we don't get so far behind there. Other correspondence, too, should be sent up so we don't lose anything between cracks. Could the passport have been misplaced in the pile of "stuff" that may be in juneau too? Would you also ask Erika to make sure she sends things that are received for me and Todd at the Gov's House. Thanks!

I wanted to pass concerns I'm hearing over the comments submitted by the Administration with respect to LNG export license extension. The comments come from one interested party (Marathon) and the other from a disinterested, retired observer (with Cook Inlet gas experience). The comments added up to the following:

* You may have thought your letters were directed by Marty Rutherford, but it appears to these outsiders that an internal struggle (DNR v Dept. of Law) ensued before you got the drafts and Steve DeVries of the Dept. of Law is actually directing things thus far—or at least his opinion has carried the day, likely because Marty was otherwise engaged with AGIA.

* Marathon doesn't believe your letters/comments reflect the messaging you've given them.

* I heard similar rumblings on the Kenai last week out of Mayor Williams' people.

Although I haven't talked with her, I'm told Marty was going to "come up to speed" on this issue over the weekend and promised to get back with Marathon "early this week." I don't know that there is anything for you to do at this point except understand that this will likely bubble up as a significant issue shortly and be really familiar with the ramifications of the criteria set in the comments.

Hi Ivy,

I'm glad that the sun was shining during the time you were in Kenai. While Juneau is beautiful, it does seem to rain a lot there.

The longer I've known Chuck Kopp, the more I've appreciated what a wonderful person he is. He was a great choice for the judicial council. A couple of months ago when I stopped in to see him he mentioned that the work he was doing as a member of council might be the most important work he ever did in terms of helping the present and future generations of Alaskans. What a perfect perspective for a council member to have.

I am planning to set my installation ceremony sometime in the afternoon on September 20th. Fall is beautiful on the Peninsula and September (of 1990) was the first month I spent in Kenai. Larry Weeks, the judge who is now retiring in Juneau, worked for the Department of Law and interviewed me back in June of 1990 when I was hired to work at the Kenai District Attorney's Office. It is hard to believe that he is retiring already.

I appreciate the opportunity for input and hope to meet you sometime when you are on the Peninsula.--Sharon

Judge Illsley,

Thank you for the email. I appreciate your comments and couldn't agree more with your assessment. I will make sure we're mindful of the balance that is needed on the Peninsula. I was in Kenai last weekend and had a great time (the first time I've seen sun in weeks). I toured the community with Representative Kurt Olson and had the opportunity to meet Chief Chuck Kopp. The Judicial Council will be in Juneau tomorrow interviewing candidates for Juneau Superior Court and I'll have the opportunity to meet with them. Anyway I do appreciate you taking the time to email. Please feel free to send recommendations any time. Congratulations again.

One more thing, when is your installation ceremony?

Best regards,

Ivy

Ms. Frye,

Hope that you had an enjoyable 4th of July. I got out of court early enough to watch the parade in Kenai. It is great to be back on the Peninsula and I love my new position.

I have talked to a lot of people about the Kenai Superior Court finalists. Pete Mysing in the only one who is well known locally. While there is some concern about his background, everyone I have spoken to thinks highly of his work. He is very professional and always appears in court on time and prepared. His arguments are well reasoned and persuasive. The general consensus is that he would be a good judge.

Very little is known here about the others whose names were sent up. Robert Owens did visit the Kenai Clerk's Office to introduce himself and made a favorable impression. Everything that I've heard about Chris Provost and Carl Bauman appears to come from the Judicial Council website. Since Owens, Provost and Bauman are not known to have lived or practiced here, there seems to concern be about whether or not they would fit in with the local practitioners and populace.

As I'm certain that you are aware, the two current Kenai Superior Court judges come from primarily civil law backgrounds. Because much of the Superior Court docket consists of criminal cases, it would be great to have someone with criminal law experience in the third Superior Court position.

PRA_GSP01_0003079

Thanks for your consideration.--Sharon Illsley

Governor - I have sent all correspondence in a reading file to you each Friday to the Anchorage office. I am sending the third package today. I have received all outstanding TA's and will be working on those to get those caught up to date immediately for you. I have looked through paperwork here in Juneau and have asked the mailroom concerning your passport. No one has seen it come into the Juneau Office. I have also touched base with Erika. Thanks, Janice
